

PROGRAM OFFICER
DARRELL MUSICK

Darrell Musick is a Program Officer for the Creating Opportunity & Independence (CO&I) portfolio. The CO&I portfolio supports organizations that provide programs and services that enhance the quality of life for individuals and families living with spinal cord injury.

Darrell has more than 20 years of clinical experience in the field of spinal cord injury at Craig Hospital and Santa Clara Valley Medical Center as a clinician, educator and leader. He founded Spinal Cord Injury Seminars in 2004 and is currently an adjunct faculty member at the Samuel Merritt College and UCSF/SFSU DPT programs in the Bay Area. He received the 2013 Excellence Award from the Academy of Spinal Cord Injury Professionals, Therapy Leadership Committee. Darrell also contributed to the Ekso Bionics robotic exoskeleton development from 2010 to 2020 and has served on the CHN CO&I Review Board since 2013.

Darrell received his Bachelor of Science degree in Physical Therapy from California State University, Long Beach in 1989.
